
PERSONAL ACCIDENT INSURANCE

Life can change in a second. Be prepared!

You cannot always avoid accidents, but you can be prepared for situations when they happen.

Accident Insurance can help, by paying if you get treatment for a covered accident. That way, your injury will not disrupt your financial security. Moreover, the insurance provides compensation in case of disability or death caused by accidents.

Depending on your health and life insurance plan, you may be interested to get a quality coverage against accidents.

Partnering with us brings you peace of mind that you are properly covered. We invest time to understand your needs and deal with major insurers to build tailored solutions that align with your unique needs.

What does Personal Accident Insurance cover?

The insurance covers the risks of death or disability caused by accidents.

The policy is highly customizable allowing to choose from many other options:

- extended disability with progression
- hospitalization following an accident
- gypsum apparatus
- post-hospital convalescence
- surgery
- temporary incapacity for work
- search and rescue expenses
